Technical support

Telecom Egypt, Cairo

Apr 2021 – Sep 2021

Of course, no one can deal with technical malfunctions that occur in the company. Therefore, it is worth noting that every company needs a person ready to provide technical support and general maintenance for malfunctions that may affect the devices used on a daily basis in the company. Therefore, the nature of the work of the technical support officer is office and it is difficult to practice self-employment in it.
