✅ English (Excelent)

Skills Summary

PHP & Laravel

Database Management

REST API Development

Flutter & Mobile Development

Education

Université Badji Mokhtar de Annaba
- **Master's in Complex Software Engineering**
  - 2023 - Present
- **Bachelor's in Computer Science**
  - 2020 - 2023

Billel Lamairia

SOFTWARE ENGINEER

About Me

Experienced full-stack developer with 4+ years of expertise in backend development, specializing in PHP, Node.js, and Flutter. Adept at designing scalable backend architectures using technologies like Node.js, Express.js, NestJS, PostgreSQL, and MongoDB. Passionate about solving complex problems and improving software quality through efficient code optimization and testing.

Technical Skills

Programming Languages
- **Backend:** PHP, Golang, Laravel , NodeJS , Python/Django
- **Mobile:** Flutter (Cross-platform development)
- **Databases:** MySQL, PostgreSQL, MongoDB, Firebase
- **Frontend:** React, Vue.js, Bootstrap
- **DevOps & APIs:** Docker, RESTful APIs, IoT solutions

Frameworks & Libraries
- **Backend:** NestJS, Express.js, Node.js, Laravel
- **Frontend:** Flutter, Bootstrap
- **Database Management:** PostgreSQL, MongoDB, MySQL, Firebase
- **Version Control:** Git, GitHub, GitLab

Professional Experience

Full-Stack Developer
- Freelance | 2019 - Present

- Developed a campus map app using **Flutter** and **Mapbox**.
- Built multiple e-commerce websites using **PHP and Laravel**, integrating secure payments.
- Created admin panels with **Laravel and Django** for client management systems.
- Developed **REST APIs** for various applications.
- Built doctor cabinet management software and a school payment system using L**aravel and PostgreSQL.**
- Developed a POS and inventory management system across multiple warehouses, integrating **MySQL and MongoDB**.
- Used **Docker** for application containerization and deployment.
