### ABOUTME

Site Engineer successfully implementing project cost procedures and monitor quality construction skilled at reading blueprints and communicating duties to workers. Proficient in methods, principles and applications of engineering, design, building and construction.

### EDUCATION

#### \*B.SC of Civil Engineering

Yarmouk University–Jordan (Jan/2020)

Graduated With 82.1 % GPA. Very Good Degree.

### EXPERIENCE

A trained civil engineer at the Greater Amman Municipality, in the buildings department, since 10/14/2020. In this section, I review the plans submitted by applicants for obtaining construction licenses, check plans and put notes about them. I also design buildings and facilities of various kinds, whether they are residential, commercial, homes and villas, using various engineering programs according to the approved Jordanian codes.

Now, I have been working for Nino Construction Contractors on a project belonging to Al-Walaa Catering Services Company since 1/5/2023 The project is the implementation of excavation and filling works and laying the foundations for a steel building intended for the transportation and storage of foodstuffs. On an area of 10,000 square meters.

### LICENSES

Driving license (Manual gear)
