Skill

- Microsoft Office Programs. (Very Good).
- C++ (Beginner).
- Ubuntu. (Beginner).

Languages

Arabic.
English.

Experience

- **Private Teacher:**

I gave lessons to a first grade student in my house.

- **Translator and Team Manager at NASA in Arabic:**

2019-Present

I volunteered as a translator, then I made my way to be a team manager twice: first team was the multimedia team, then the media team.

My Profile:

<https://nasainarabic.net/main/users/profile/bailsan.majed>

- **R&D Researcher at Nirvatechs:**

The job was doing researches on the psychological topics and analyzing them, and collecting data for AI development.

- **Free Lancer:**

I worked with a group of young people in free lance, where we translated papers from English to Arabic and vice versa and designed power points.

- Participated in the Science club in 2015.
- Formal member at Student Association for Physics and Astronomy (SAPA).
