

Mansoura University
Faculty of Science
Department of
Geology

Dear Sir/Madam:

It is my great pleasure to write this letter in support of Mr. Essam Mohamed Ibrahim's application to your esteemed position.

I instructed Mr. Essam for two courses during his BSc; Depositional Environments and Sequence Stratigraphy. He was unquestionably one of the most able students in the class, and his work in the class consistently reflected a level of insightfulness.

In addition to his confidence and eagerness to learn, Mr. Essam also made a good impression on me due to his pleasant personality. Certainly, he seemed to get on well with classmates and teachers at all times.

Moreover, Mr. Essam was an active member in the AAPG-Mansoura Student Chapter. He was responsible for preparation of many events during his bachelor degree.

Based on my observation of his abilities, I strongly believe that he deserves this opportunity. Please do not hesitate to contact me for more information.

Yours sincerely,

Tarek I. Anan, Ph.D
