Summary

I am a hard-working flexible and reliable engineer, who learns quickly and willing to undertake any task given me. I enjoy meeting people and work well as part of a team, as well as the ability to work on my own initiative and take responsibility, especially since I am an active member of the ACI Kurdistan chapter, to lead a team of more than 35 members. I have a professional approach to the workplace and am committed to training and development to help me fulfill my job role.
