Objective

Seeking a challenging job where I can fully utilize my education, skills, and experience in a world class environment. To gain an excellent experience for the best advantages in my new career.

Experience

(APR 2019- May 2021 / Tutor, Self Employed)

Provided personalized tutoring to high school students in Management foundations, and Administrative information system subjects, focusing on improving their understanding and performance.

Developed engaging lesson plans aligned with students' individual needs and learning styles.

Utilized a variety of teaching strategies to enhance comprehension and retention. Monitored students' progress and adjusted teaching methods accordingly.

(Jul 2018-Aug 2018 / Audi Bank) Management information system trainer

I had a month supervised internship course that enables students to obtain professional experience in business and financial field.

Education

I. Master's degree in Business Administration, AlYarmouk university (It's worth to mention that the language of my studying was in English in both bachelor and Master's degrees)

II. Bachelor's in finance and banking sciences, AlYarmouk university GPA: 81.5, been on Dean's list for 7 semesters (honor list)

III. Yarmouk model school certificate (science stream)

Iv. Professional accountant course (Mar 2021-Apr 2021), learned fundamental accounting and financial techniques and how to analyze financial data

Personal Criteria

Ambitious, creative and dynamic.

Proven ability to deal with different levels of personalities.

Honest, accountable and flexible.

Languages

Arabic: Mother tongue

English: Excellent (Speaking, Writing, Listening, Understanding)
