

**AZEDINE AZZOUZ.**

**Date of birth: 28 February 1979.**

**E-mail: azedazz79@hotmail.com, azedazz79@yahoo.fr.**

**Address: City of 18 Bungalows Tigzirt 15019- Tizi-Ouzou- ALGERIA.**

**Mobile: 00213 6 61 79 45 28. What's up : 00213 6 61 79 45 28**

### **Key Qualifications:**

- Production Engineer with **17** years' experience in different field operations.
- Good understanding hydraulic work over and snubbing operations.
- Good understanding of Snubbing Rig mechanics and maintenance.
- Good understanding of well completion and integrity.
- Good reporting and management skills.
- Good aptitude to integrate and work in multicultural team.
- Good Communication Skills.

### **Professional Career:**

- **01/11/2016 to date: Superintendent Hydraulic Work over & Snubbing** (ENSP National Oil and Gas Service Company);
- **01/05/2008 to 31/10/ 2016: Supervisor Hydraulic Work over / Snubbing Rig ENSP.**
- **May 2005 to 01/05/2008: Field Production Engineer (engineer oilfield) ENSP (Sonatrach Company).**
- **Mars 2004 :** 03 Months Practical Training in **SONATRACH**, Production & Engineering Department Field. I made a study of Gas-Lift wells performance Analysis and optimization
- Experienced in Snubbing Rigs **Long Stroke** HRL120K, HRL150k,
- Experienced in Snubbing Rigs **Short Stroke** 150K, 225K, OTIS 200k, **340K, in Algeria field**
- Main Snubbing and HWO operations in Hassi Messaoud field area.
- Supervise the rigging up and rigging down for different rigs and testing the rigs equipment's.
- Change or run new tubing concentric for Gas-Lift or water wash injection,
- Change or run a new Electrical submersible pump ESP. (Reda Schlumberger Pump).
- Change well completion 3"1/2 & 4"1/2.
- Fishing with different tools overshot, taper tape, releasing spear, flow spire....
- Fishing the storm choke in live well ( under pressure)
- Manage operations of Fishing, milling, wash-Over pipe, & cleaning out. ) Change out X-Mass Tree or wellhead, well kill.....
- Run velocity string inside the production tubing of a gas live well.
- Plan and conduct periodical Rig maintenance and revamping program.
- Technical reception of snubbing unit and different equipment for HWU.
- Resources management and training for new employees and the site teams.

- Coordinate with other service companies for special intervention on the well as per the client program.
- Participate in decision in case of problem, fishing operation, completion
- Participate to investigation in case of serious incidents.
- Participate in the well control operation blowout in south of Algeria OMP75.
- Implement HSE company policy.
- Prepared work over cost estimates and analysis of the final cost
- Technical solution proposal with HWO and Snubbing.
- Planned well completion and fishing operation, using Hydraulic work over unit.
- Prepared and executed work over programs.
- Assigned to Snubbing operation..

### **Educational Background:**

**June 2004 Production Engineer Degree**

Hydrocarbon University, INHC Boumerdes, Algeria

**July 1997 Baccalaureate certificate in Mathematics.**

### **Patents:**

- **IWCF Certificate ( Well Intervention- Supervisor Level 4)**, December 05<sup>th</sup> 2021
- **IWCF Certificate ( Well Intervention- Supervisor Level 4)**, September 22<sup>th</sup> 2018
- **IWCF Certificate ( Well Intervention- Supervisor Level 2)**, November 22<sup>nd</sup> 2013
- **IWCF Certificate ( Well Intervention- Supervisor Level 2)**, February 14<sup>th</sup> 2011
- **IWCF Certificate ( Well Intervention- Supervisor Level 2)**, February 15<sup>th</sup> 2009
- Certificate of achievement of snubbing (**Boots & Coots**).
- Certificate of achievement of well **killing**.
- Certificate of achievement of Advanced **QHSE. (Boots & Coots)**.
- Certificate of achievement of **Internal Communication**.
- Certificate of achievement of **Quality Management**.
- Certificate of achievement of **Safe behavior**
- Certificate of achievement of **Pumping Fluid**
- Certificate of achievement of Kick-off and Neutralization (kill) well
- Certificate of achievement of **Advanced Environmental and Safety**
- Certificate of achievement of **Snubbing Operations**. (ENSP Training Center- Hassi-Messaoud).
- Memory of end of studies for obtaining diploma of **Oil Production engineer**: (Analysis & Optimization of GAS-Lift Wells on BERKAOUI Field in Algeria).

**Software:** - Word, Excel, PowerPoint....

-Very good control of the data-processing tool.

### **Languages:**

- Berber: Fluent.

- French : Fluent

- Arabic: Fluent.

- English: good.
