Summary

I am a fresh graduate in Computer Science. I have worked on many projects while I'm studying with my team using different languages. I learned new technologies while volunteering at Najdeh-Association such as wordpress. I'm ready to learn more and more to improve my programming skills.

Skill Highlights

- Java
- C++
- HTML/HTML5
- SQL
- Database
- CSS
- PHP
- JavaScript
- Flutter
- WordPress

Projects Experience

- Developed mobile application using flutter. The application goal was to enhance communication between people via creating events to meet and join teams to participate in tournaments. I was responsible for the frontend of the app and linking it with backend.
- Web Development using HTML/HTML5, php and JavaScript and SQL Database.
- Developed computer games using C#. The application was a collection of several games, my role was to implement connect 4.

Work Experience

Volunteer at Najdeh-Association: Oct 2021- Dec 2021 (3 months).

Freelancer (one website Lebanesechessmoves.com, using WordPress).

Education

Bachelor of Science: **Computer Science** – 2018-2021

Beirut Arab University, BAU

Certifications

IC3: Digital Literacy Certification.
