### TARGET JOB

Target Job Title: mechatronic Engineer ,Mechanical Design Engineer,Mechanical Technician support team

Career Level: Mid Career

Target Job Location: Saudi Arabia; Egypt

Career Objective: I'm a mechatronics engineer in design department . I design mechanical parts such as: Rollers, Balls, and parts that are moisturized with big motors for manufacturing and production lines using the design program, for example : AutoCAD, Solidwork, NX SIMENS programs and similar automation software. A process can also be made in a simulation to extract the code and insert it into the automatic lathe machine (CNC coding) to work the mechanical parts, And it can also be simulated by the program for the first design of the production line, which is its type and the work of electrical calculations and mechanical dimensions.

Employment Type: Full Time Employee; Internship; Contractor; Temporary Employee; Freelancer; Commission

Notice Period: Immediately

### PERSONAL INFORMATION

Date of Birth 17 January 1998 (Age: 25)

Gender Male

Nationality Sudan

Residence Country Cairo, Egypt

Name in Arabic سارية عادل علي عبيد

Marital Status Single

Number of Dependents

Driving Licence Issued From Sudan

## EXPERIENCE (2 YEARS, 6 MONTHS)

---

January 2023 - Present

### **sales executive**

at Travelport Company

**Location:** Khartoum, Sudan

**Company Industry:** IT Services

**Job Role:** Customer Service and Call Center

I submit reports to the administration that clarify the weekly and daily plan and the state of the market regarding the sale of our product, find problems facing the customer and find the right solution to the problem.

---

November 2021 - April 2022

### **Mechanical spare parts design engineer**

at Mechatronic automation

**Location:** Khartoum, Sudan

**Company Industry:** Technical Maintenance & Repair

**Job Role:** Engineering

We maintain production lines in factories and provide spare parts by designing and implementing mechanical parts and performing simulations using computer-aided design programs such as Solid.

---

September 2021 - November 2021

### **Maintenance Engineer**

at alsafwa Automobile company

**Location:** Khartoum, Sudan

**Company Industry:** Automotive Repair, Spare Parts, & Support Services

**Job Role:** Maintenance, Repair, and Technician

Training Engineer work with team work to solve the problem in vehicles.  
Vehicle of vw company.

---

January 2021 - July 2021

### **Mechanical Design Engineer**

at ferronile Steel Bars factory

**Location:** Khartoum, Sudan

**Company Industry:** Manufacturing

**Job Role:** Engineering

Design and implementation of mechanical spare parts for production line, problem solving and maintenance and finding sweet for problems in manufacturing parts.

**Extra years of experience not listed above:** 0 Years, 6 Months

---

## EDUCATION

---

### Bachelor's degree, mechatronic Engineer

at Mashreq University

**Location:** Khartoum, Sudan

February 2020

**Grade:** 2.46 out of 4
