WORK EXPERIENCE

Trainee/IT department EPROM

07/2021 - 08/2021

Alexandria ,Egypt

Network system and database modifications

- manage data and network connection with company departments

PERSONAL PROJECTS

Graduation Project Boost PT (12/2021 - 06/2022)

- Project idea is to help and connect each Trainer with his Trainees through a mobile application. The application was made with Flutter/Dart as frontend & Firebase as Backend. This application is designed to simplify the online coaching procedure
- trainees are asked to supply their basic info as well as their aim allowing the trainers to have the accessibility to assign a full specific program, which includes nutrition and exercises plans suitable for each trainee
- Trainers are accepted after passing a test & then filling the registration form providing his work information
- https://drive.google.com/drive/folders/1lygk4x89mKRSzaQCyh_ZVta8F_-t-M_g

Chef's Choice (02/2023 - 03/2023)

- Project idea is an API shows all Meals in any country with its ingredients and which country it belong to. This app was made with Java and firebase
