WORK EXPERIENCE

ELECTRICAL CONSTRUCTION TECHNICIAN
March 2006 to FEB 2010

- Installing, maintaining, and repairing electrical control, wiring, and lighting systems.
- Performing general electrical maintenance.
- Inspect transformers, circuit breakers, and other electrical components.
- Troubleshooting electrical issues using appropriate testing devices.
- Repairing and replacing equipment, electrical wiring, and fixtures.
- Performing circuit breaker corrective maintenance.

ELECTRICAL INDUSTRIE Commissioning TECHNICIAN
March 2010 to August 2022

- Involving Preventive & Breakdown maintenance and trouble shooting of various field associated Equipment and machineries in Ethylene, LDPE and Utility plant.
- Relay testing: Overload, Earth fault etc
- Calibration of Relay such as sepam15, sepam2000 etc...
- Maintenance & Testing of HT & LT motors up to 16MW.
- Knowledge of analyzing, evaluating, diagnosing, and resolving equipment and process related problems.
- Maintenance & Testing of Circuit breakers/Cubicles.

My responsibilities as A Commissioning :

- To Ensure the personnel under his control maintain a high degree of HS&E awareness
- To ensure plant and equipment is fully operational and critically maintained in accordance with procedures.
- To review the quality of information in the maintenance database, such that the information contained is technically valid, accurate and up to date. This includes the correct closing out of Work Orders ensuring they are completed within the correct timeframe and the work carried out in them is detailed as per SAP requirements in line with the SAP data quality input standards
- To effectively manage the consumables budget put under my control and to work within the budgetary constraints of the installation in general.
- To provide OJT (On-the-Job Training) for less experienced technicians so they are fully supported in their assigned tasks and perform competency assessment assurance.
- To ensure a safe place of work by complying with Permit to Work (PTW) system and safe working procedure(s).
