ABOUT ME

I am a civil engineer specializing in structural engineering, passionate about developing innovative and sustainable solutions. I possess strong skills in structural design, analysis, and site management, with advanced expertise in both practical and theoretical research. I am dedicated to my work, value time efficiency, and consistently ensure tasks are completed within deadlines.

EDUCATION AND TRAINING

[10/10/2018 – 15/06/2022]

Bachelor's Degree in Civil Engineering

Tafila Technical University <https://www.ttu.edu.jo/>

City: Tafila | **Country**: Jordan | **Final grade**: 3.45 B+

- Reinforced Concrete
- Structural Analysis
- Steel Structure
- Foundation Engineering
- Highway and Traffic Engineering
- Pavement Design

[08/10/2022 – Current]

Master's Degree in Structural Engineering

Hashemite University <https://hu.edu.jo/>

City: Zarqa | **Country**: Jordan | **Final grade**: 3.91, A+ | **Thesis**: Experimental study on the flexural behavior of single and hybrid polypropylene and steel fiber-reinforced self-compacting concrete beams

- Composite Structures
- Structural Dynamics
- Bridge Engineering
- Plastic Design of Steel Structure
- Earthquake Engineering
- Finite Element Analysis

WORK EXPERIENCE

[10/07/2023 – 20/12/2023]

Site Engineer

Al-Rawshan Housing

City: AMMAN | **Country**: Jordan

- Supervised workers to ensure they performed their tasks correctly and efficiently.
- Received all construction-related works and ensured compliance with required specifications.

- Prepared regular reports on the progress of work and submitted them to management.
- Collaborated with various teams to ensure project were completed on time.

[01/08/2022 – 20/12/2022]

Site Engineer

Abu Dabour Housing Company

City: AMMAN | **Country:** Jordan

DIGITAL SKILLS

My Digital Skills

Microsoft Excel | Microsoft Word | Microsoft Powerpoint | Microsoft Visio | Grapher | Prokon | CSI Bridge | PERFORM-3D | CSI Etabs | RISA-3D | ABAQUS | MATLAB | AutoCAD | Google SketchUp

CREATIVE WORKS

The works

- Analysis and design reinforced concrete structure.
- Analysis and design steel structure.
- Quantity surveying for various structural elements.
- Reading structural and architectural engineering plans.
- Preparing drawings for various structural elements using AutoCAD.
- Using American specifications in analysis and design, such as ACI 318-19 for concrete and AISC 360-22 for steel.
- High skills in studying, following up and publishing research on structural engineering.
- Ability to deal with various modern materials in the field of construction and maintenance

COMMUNICATION AND INTERPERSONAL SKILLS

Respect for other opinions, intelligence, development, time management, loyalty at work, active listening, ease of dealing with others

- Write here Excellent oral and written communication skills, enabling effective collaboration
- Ability to present complex engineering concepts clearly and concisely
- Strong ability to build and maintain positive relationships with colleagues and clients, fostering a collaborative and productive work environment
- Skilled in conflict resolution and negotiation, ensuring project objectives are met the description

LANGUAGE SKILLS

Mother tongue(s): Arabic

Other language(s):

English

LISTENING B1 READING B2 WRITING B1

SPOKEN PRODUCTION A2 SPOKEN INTERACTION A2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user
