## **EDUCATION**

---

### ➤ **STATE PUBLIC WORKS ENGINEER**

*Algerian national school of infrastructure and public works, Algiers (Algeria).*

### ➤ **MASTER'S DEGREE**

*Algerian national school of infrastructure and public works, Algiers (Algeria).*

## **WORK EXPERIENCE**

---

**August 2020 –September 2022: Project Engineer/Filed Engineer.**

**Project: Creation of inlet boosting separation of inlet separation and compression facilities .Hassi R'mel/Laghout,Algeria.**

- *Technical coordination activities among plant owner, vendor, subcontractor and JGC internal, about plant hand over activity, trouble shooting of Vendor Equipment during construction, precommissioning, commissioning & start up performance test.*
- *Handover work using computer-based Turn Over Management System (TOMAS) for achievement of Ready For Commissioning (RFC) of each process system, and for Ready For Start-Up (RFSU) and ready for plant Performance test of plant facility to realize Provisional Acceptance (PA) of the plant.*
- *Monitor the detailed execution of the process systems to ensure the adequacy of the completed work at site and proper registration of Inspection Records (IR) by each contractor's discipline.*
- *Coordination with Owner and facilitate system walk down for process system and obtain owner's punch and comments.*
- *Prepare consolidate punch list and maintain and update it.*
- *Coordinate with all concerning disciplines to adjust punch owner.*

- *Handle & control plant Owner's punch items during walk down for process systems. Expedite to close all punch items with JGC disciplines.*
- *Daily and weekly report for system completion and turnover work to field engineering manager.*
- *Coordination with the third party (SGS) for ERM test (summer test).*
- *Coordination with CRD SONATRACH LABORATORY for different analysis (Feed gas; Fuel gas; Condensate; Nitrogen ;...).*

*July 2018- July 2020: Site civil engineer/Civil department.*

**Project: Creation of inlet boosting separation of inlet separation and compression facilities .Hassi R'mel/Laghouat,Algeria.**

- *Supervising of earthing work (cutting,filling,grading of soil,test control of site,...)*
- *Supervising of civil work(Excavation ,rebar's work,formwork & pouring) for different structures (pipe rack,vessels,water tanks,separators,compressor foundations,substations,sleepers,v-ditch,pipe supports,...).*
- *Supervising of trenching work for underground of pipe & electrical cables...*
- *Identification in the documents of execution, follow up of the requirements.*
- *Conducting site inspections to verify the consideration of civil engineering and quality requirements.*
- *Verification and validation of supplier documents and subcontractors.*
- *Presentation of different progress reports.*

*July 2016 – July 2018: Planning Engineer Follow-up Realization*

**Project: 1-Connection of 16 wells to the gas lifts with the National Pipe Company ENAC Hassi R'mel.**

**2- Pipeline Boosting project 3 Hassi R'mel.**

- *Technical manager (drafting of reports; follow up work ;...).*
- *Verification of files and coordination between company and client (Procedures; WPS; PQR; ...).*
- *Implantation and control of works (civil engineering,structure,piping,roads,..)*
- *Implanted and monitored earthworks.*
- *Reception of formwork and reinforcement.*
- *Drawings and control of plans (isometric; welding;piping;civil engineering).*

- *Implantation of structure (manifolds; junctions ; ...)*
- *Follow up of the work at site (work plan; opening of trenches; earthworks; backfilling; platforms; access roads ; ...).*
- *Check the progress of welding work.*
- *Collect, check and manage documents certifying tests, controls and inspections carried out.*
- *Review the laboratory examination results.*

**2015-2016: Public Works Engineer at Public Works Department ,Khenchela (DTP)**

- *Follow-up of the work at site (work plan; construction of roads; earthworks; backfilling ; ...)*
- *Preparation of contracts and specifications.*
- *Presentation of progress reports on site.*
- *Implemented and monitored earthworks.*
- *Reception of formwork and reinforcement.*

**LANGUAGE SKILLS**

***Mother tongue: Arabic***

	<b>UNDERSTANDING</b>		<b>SPEAKING</b>		<b>WRITING</b>
	<i>Listening</i>	<i>Reading</i>	<i>spoken production</i>	<i>spoken interaction</i>	
<b>FRENCH</b>	<b>C1</b>	<b>C1</b>	<b>C1</b>	<b>C1</b>	<b>C1</b>
<b>ENGLISH</b>	<b>B2</b>	<b>B2</b>	<b>B2</b>	<b>B2</b>	<b>B2</b>

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

**PERSONAL SKILLS**

- *Interaction with client & engineer to resolve various issues.*
- *Wide knowledge of International, National & Standards and Procedures.*
- *Ability to work within a multi-disciplinary team.*
- *Competent computer skills in Microsoft Office products.*
- *Communication negotiation and inter-personal skills.*
- *Ability to manage, handle and supervise a team of skilled work force.*
- *Due to excellent professional skills, decision power and confidence, I have ability to minimize the problems with clients.*
