

Curriculum Vita

Personal Details:

- **Name :** *Mohammed Sameh Goda Sakr*
- **Address :** *Sharkya - Egypt*
- **Date of birth :** *1/3/1991*
- **Mobile:** *01015507107 / 01128328732*

Language Skills: -

<i>Language</i>	<i>Read</i>	<i>Write</i>
<i>Arabic (Native)</i>	<i>Excellent</i>	<i>Excellent</i>
<i>English</i>	<i>Good</i>	<i>Good</i>

OBJECTIVE: -

Challenging position of INSTRUMENT TECHNICIAN level in the field of instrumentation industries with opportunities for personal technical and professional achievement.

Nature of job handling: -

Exceptionally motivated with goal-oriented attitude.
Productive punctual worker.
Quick learner who can master aspects of job with limited training.
Highly flexible and adaptable and able to multi task to as fast faced environment.
Most effective under pressure.
Can work in a large corporate world.
Effective employee as individual or in a team environment.
Hospitality, Communication, Interpersonal and Good Negotiation skills.
Commissioning & Calibration technician.

Computer Skills: -

Microsoft Office including (Word & Excel & PowerPoint & Access).
Knowledgeable in Networking, Computer Assembly, Software Installation, PC Troubleshooting.

Educational Data:

- **Engineering Institute For Electrical Construction -A ZHAR University**
- **Graduation Project : Distribution Panels**
- **Project grade : Excellent**

Instrument Calibration, Loop Checking, Trouble Shooting, maintenance, Commissioning and Start up activities.

Worked with Vender on Analyses & DCS and more. Assist operations during commissioning by trouble shooting the problems encountered with instrumentation.

Installation of all Instruments like Pressure, Flow, Level & Temperature Transmitters Installation & well familiar with HART communication operation.

Courses:

- **Surveying Course**
- **AutoCAD Course**
- **Classic Control**
- **Instrumentation Calibration.**

Skills:

- **Instruments Construction**
- **Quality Control**
- **Termination of Cables**
- **Instrument Termination**

- Power Control System
- Earthing System
- Valves and Transmitters Calibration
- Instrumentation Loop Check
- Instruments Maintenance.

WorkExperience:

Electrical Foreman for calibration and loopcheck

Electrical Technician for quality control

Electrical Technician for Termination of Power and Control Cables

Electrical Technician for instrumentation termination

Calibration Technician at Suez Lab for Petroleum refining.

Calibration and Loopcheck Technician at Agrod warehouses for Oilstorage.

Projects:

- Crude oil Storage Tanks (Agrood Area).
- Suez Canal EL-Ferdan Bridge Upgrading and Construction.

- Sumed Tanks for petroleum materials (Loop Check & Calibration)
- West Nile Delta Project (Edco Project for natural Gas) (Responsible for instrumentation termination and commissioning)
- Zohr Oil project for natural Gas
(Responsible for instrumentation and Quality Control)
- West Dametta 1500 MW Combined-Cycle Power Plant Project (Responsible foreman for Power and control Cable termination)
- AL-Burullus 4800 MW Combined-Cycle Power Plant Project (Responsible for Quality Control)
- Project of Electrical Construction for Misr Steel factory (Responsible for Instrumentation installation and termination)

I'd appreciate the chance to meet with you to discuss how I could be a vital part of your project.

*You may contact me at the above telephone number or e-mail address
Thank you for your consideration. I look forward to talking to you. Sincerely*
