Skills

- Certificated by Medical Research Institute (ICDL). (Word-Excel-PowerPoint-Access-Outlook-Net-IT). sapuser

Career Objective

Occupational safety and health, as a scientific approach, aims to establish safety and tranquility in the hearts of workers while carrying out their work, and to reduce anxiety and panic attacks that they experience while coexisting by virtue of the necessities of life with tools, materials, and machines that contain dangers that threaten their lives and under unsafe conditions that expose their lives from time to time to grave dangers, and so on. be safety
