- Python (Basic)
- C#

Experience

Internship - Inventory Management Mai 2023 - Juin 2023

I completed an internship at Agence National des Ports (ANP), specializing in inventory management. During this internship, I focused on coordinating the flow of goods and improving stock levels. This experience was a valuable opportunity to apply academic concepts to real-world scenarios and enhance my skills in inventory management. It significantly contributed to achieving my professional goals and deepening my understanding of inventory management processes.

Education

Centre CPGE Laayoune

Brevet Technicien Supérieur (BTS)

Développement des Systèmes d'information
2022 - 2024
