## OBJECTIVE

Endeavoring a striving position in Bio-Medical arena, which will utilize my ability and expertise to increase the profit of the Company.

Area of interest: Bio-Medical Engineering along with Maintenance and Operational Management.

## LANGUAGES

Arabic (native language)  
English (very good)

## SKILLS

WORD  
EXCEL  
POWERPOINT

Analytical thinking, planning  
Strong communication  
Tolerant and flexible

Organization  
Problem solving  
Work under pressure

## HOBBIES

BOOKS  
Traveling  
Learning language

## PROFESSIONAL EXPERIENCE

I have dealt with equipment viz. Multi-Para Monitors, Defibrillators and ECG Machine, regarding:

- Installation and Commissioning
- Testing and Trouble Shooting
- Preventive maintenance for checking future breakdown

I handled various Medical Equipment installed in different department of hospital, specifically Radiology, ICUs and OTs.

Organized and directed biomedical shop operations.

Performed quality control and technicians evaluation.

Closely cooperating with equipment planners and engineering

Trained at King Hussein Hospital Center for two months

I took Arduino course with IEEE organize

I took a medical device maintenance course with IEEE organize

I took advanced cardiac device and cutting edge surgical techniques course with IEEE organize

I took English course in JU gate academy

## EDUCATION

2019 Hashemite University  
2023 Bachelor's DEGREE in Biomedical Engineering
