

# Curriculum Vitae

## PERSONNELLES INFORMATIONS

**First Name:** CHALA

**Name:** HATEM

**Sex:** masculine

**Date and place of birth:** 15/10/1974 in Ouled Djellal .W Ouled djellal.

**Nationality:** Algerian

**Familial situation:** M+4

**National service:** accomplished

**Address:** cite participative ELGHOUL IBRAHIM cite est ; ouled djellal 51000

**e-mail:** [chala\\_hatem@hotmail.com](mailto:chala_hatem@hotmail.com) **Mob :** +213656611192

## STUDY & FORMATIONS

**University:**

(Sept 94 ~ June 96) general electrical.

**Diploma:**

BAC: mathematical June 1992

Electrical engineer June 1997:

Option: electrical machines.

Final Project study: Research to contribute on stability static of synchronous machine.

## PROFISSIONNAL EXPERIENCE

- 1. *maintenance engineer*** \_Dec 2021→ toady : electrical engineer and maintenance of Equipment .with DEKACHIM company on formulations of agricultural products (pesticide et insecticide).W.ouled djellal
  - Knowledge of different maintenance techniques
  - Troubleshooting skills : to quickly identify problems and take appropriate action.
  - adjust to new equipment, technologies, and maintenance practices whenever required.
  - think critically and analytically to identify the root causes of problems and develop effective solutions.
  - Knowing the safety procedures and standards to keep the maintenance process safe and free from accidents for themselves, others, and/or equipment/machines.
  - construction experience or industrial experience
  - Electrical maintenance fundamentals (wiring and troubleshooting)
  - Repairing wiring systems. Installing electrical conduits, cables, tubing, AC motor controller maintenance; DC motor controller maintenance; DC motor maintenance; battery systems; fasteners; electrical relays; air and oil circuit breaker maintenance; high-voltage and low-voltage circuit breaker maintenance
  - Welding (fabricates, and repairs metal and other weldable material by applying appropriate welding techniques.); (physical abilities, math skills, and attention to detail.)
- 2. *Eginner with MI-SWACO(A schlumberger company)DWM eng: (Apr 2004 → June 2020)*** with MI-SWACO
  - Providing solution for the drilling solids removal, oil recovery, process and environmental safeguard operations on oilfield drilling rigs. Rig Up, Rig Down, Running and maintenance of equipment, Repairing equipment
    - Analyze, Resolve equipment operating Problems in order to increase equipment efficiency, - Resolve engineering & design problems to improve process efficiency
    - Manage Equipments move during the rig move
    - Make, analyze and interpret daily check and tests of fluids treated
    - Daily reports and well recaps elaboration
    - Contribute in QHSE policy achievement
- 3. *Technical office: (Nov 2003 → march 2004)*** with SARPI for the project to treatment oil fields in BBK/BBKN.
  - drawings elaboration and treated as built .
- 4. *Technical office: (Nov 2002 → Oct 2003)*** with SARPI for the OH3 project (center of storing and transfer of oil in Hassi Berkine).
- 5. *Qualified industrial electrician (assembling and electrical equipment installation) : (June 2002 → Nov 2002)*** with ABB solution (Italian company) to build a substations 220Kv in ELHADJIRA, NEZLA, BELHAIRAN
- 6. *Qualified industrial electrician (starting up and maintenance after starting): (Nov 2001 → may 2002)*** with ABB & TD to realize three electrical substations for the electrification project in Basin of BERKINE.
- 7. *Industrial electrician (metallic formwork installation, installation of electrical panels and electrical equipments wirings, and connections): (Jan 2001 → Oct 2001)*** with SARPI. To realize three electrical substations for the electrification project in Basin of BERKINE.

8. *Tubing coating: (sept 2000 → Jan 2001)* with SARPI (**S**ociete **A**lgerienne de **R**ealisation des **P**rojet **I**ndustriel), for the gas lift project
9. *Teaching: (sept 99 → June 2000)* primary school.

## **AUTRES**

- Good experience in industrial field.
- Practical knowledge in wiring (MT, BT).
- Exploitation of electrical drawings.

### **Languages:**

Arab: very well

French, English: well / Computer software: (Word, Excel- Autocad). /License Driver: category B
