WORK EXPERIENCE

Interior Designer
Havenly, USA (Remote)
2021-2023

Developing and presenting design concepts. Responsible for creating sales utilizing exceptional customer service and knowledge of products and services. Successfully handled 2D mood boards & 3D room planner program as a visual point of contact with clients. Designing and creating functional environments that represent a client's lifestyle, taste and budget. Translating ideas into conceptual presentations and compelling narratives that effectively communicate design ideas. Creating detailed design plans, including space layouts, furniture selections, material specifications, and color schemes tailored to each project's unique character. Sourcing and selecting furnishings, fixtures, finishes, and accessories that align with the project's design concept and aspirations of the clients. Coordinating with vendors, contractors, and other stakeholders to ensure seamless project execution. Preparing and organizing information for purchasing and order processing. Staying at the forefront of industry trends and innovative design techniques.
