

MOHAMED RAMADAN

Date of Birth: 10 Aug 2000

Nationality: Egyptian

New Administrative Capital, Cairo, Egypt

Phone: +201500022232 | **Email:** mohammed.ramaadann@gmail.com

SUMMARY

An ambitious and results-oriented Political Science professional with a concentrated expertise in Public Administration, I bring a comprehensive understanding of political theory, comparative politics, and policy formulation. My role as Vice President and Administrative Director in university-led simulation models has honed my strategic leadership, operational planning, and stakeholder engagement skills, enabling me to drive impactful initiatives in complex environments. With a track record of orchestrating policy-driven events and cultivating meaningful participation, I am deeply committed to public service and governance, with a focus on civic empowerment and systemic change. Equipped with advanced skills in Microsoft Office, negotiation, and intercultural communication, I offer a strong capability to navigate diverse challenges, deliver actionable insights, and foster innovative approaches to societal advancement.

EDUCATION

Future University In Egypt, Cairo

2024

Bachelor of Economics and Political Science

Major: Political Science

Minor: Public Administration

CGPA: 2.76

EXPERIENCE

Vice President, ECONOMOS Model- Future University in Egypt, New Cairo

Sep 2022 - Present

As Vice President, I lead a team of students in organizing simulation events focused on economic policies. I am responsible for coordinating with faculty members and external experts to develop comprehensive scenarios that provide practical learning experiences. My role also involves enhancing member engagement through innovative training sessions and workshops, which has significantly increased participation and interest in economic discussions.

Administrative Director, African Union Simulation Model - Future University in Egypt, New Cairo

Jan 2021 - Jul 2024

In this role, I managed all administrative tasks including scheduling, communication, and logistics for simulation events. I played a crucial role in developing the agenda and content of the simulations, focusing on African Union policies and governance. My efforts in recruiting and mentoring new members helped grow the organization and foster a collaborative environment.

SKILLS AND ABILITIES

Leadership & Strategic Planning: Proven ability to lead teams and organize events, particularly as Vice President of the ECONOMOS Model, focusing on economic policies.

Policy Analysis: Strong foundation in public policy and governance, with practical experience in simulations related to the African Union.

Research Skills: Gained through coursework in political science and public administration, enabling critical analysis of political theories and policy implications.

Negotiation Skills: Developed through practical experiences in managing team dynamics and collaborating with various stakeholders.

Interpersonal & Communication Skills: Effective communicator with experience engaging diverse groups, fostering collaboration, and promoting civic engagement.

Event Coordination: Skilled in managing logistics, scheduling, and communication for simulation events.

Research & Technical Proficiency: Competent in Microsoft Office and capable of conducting in-depth research in political science.

Adaptability & Language Skills: Cultural awareness and proficiency in Arabic (native), English (intermediate), and beginner Russian.
