

**JOSEF MEISSNER GMBH & CO**

BAU VON ANLAGEN FÜR DIE  
CHEMISCHE INDUSTRIE UND  
SPRENGSTOFFINDUSTRIE

CONSTRUCTION OF PLANTS  
FOR THE CHEMICAL AND  
EXPLOSIVES INDUSTRY

## TO WHOM IT MAY CONCERN

We are glad to have the opportunity to certify that

**Mr. Mohamed Ebrahim Mohamed El Said**

worked to our entire satisfaction during the erection, commissioning and production of a  
Carboxymethylcellulose Plant as a mechanics and senior operator of company Egycel.

He was responsible for running all Utilities equipment (Boiler plant, Chilled Water Unit, Cooling  
Water Tower, Compressor and Nitrogen Generators).

All his task he was fulfilling very sorrowfully and he was able to work very independently.

His work was always very reliable. All people respect him very much, due to his always very  
good temper.

He start working with us since January 2000 up to June 2002.

We hope we will get a chance to work with him in further projects in future.

We like to thank him for his good co-operation and wish him all the best for the future.

On behalf of  
Josef Meissner GmbH & Co.

6<sup>th</sup> of October City, June 30<sup>th</sup>

  
D. Schreiber  
(Senior Project Engineer & Site Manager)
